

THE AUTOMATION EXPERTS.

FROM ONE SOURCE.
FOR YOUR PRODUCTION.

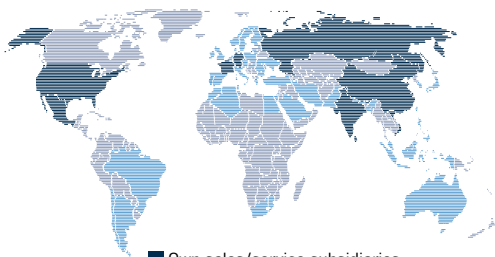

GLOBAL. AHEAD. SUSTAINABLE.

AUTOMATION BY KURTZ ERSA

The Automation business segment within the Kurtz Ersa corporation – a powerful combination.

- Strong partnerships and strategic alliances
- Solid financial background
- Sales and service based on a worldwide installed structure
- R&D competence & innovative strength by Kurtz Ersa

- Own sales/service subsidiaries
- Agencies on site
- Other presence

ONE BUSINESS SEGMENT, TWO LOCATIONS. DECADES OF EXPERTISE.

On 01 January 2022,, the Kurtz Ersa corporation took over Schiller Automation GmbH & Co. KG to 100 %. Kurtz Ersa's global competence has thus been complemented by 45 years of experience in the construction of special machines for the automation of production processes. Kurtz Ersa and Schiller Automation jointly appear on the market for automation solutions and develop creative ideas and technologies into sustainable solutions for your tasks.

- 80 engineers
- 200 employees
- 8.000 m² production area
- 45 years of automation expertise

We optimize our customers' production processes.

OUR SERVICE OFFERING

- Excellent project management to achieve the agreed goals
- Holistic analysis of the task
- Development of technically feasible and economically viable solutions
- Integration and linking of all necessary processes
- Handling and transport between the processes
- Loading and unloading of trays, SLCs, loose parts
- Tracking of all production data
