

Ersa Service Contracts

We'll make sure that things run smoothly at your site!

No worries thanks to the Ersa Service Contract - secure your worry-free package today!

Take full advantage of the extensive Ersa Service Program with the Ersa Service Card!

In addition to its comprehensive product range Ersa offers a full range of services such as staff qualification and training, equipment- and process audits, ramp-up support or equipment capability studies.

Furthermore, Ersa's SERVICECARD Program includes customized service contracts at very favorable prices, providing Ersa customers with a maximum of reliability for the productivity of their production equipment.

The SILVER and GOLD packages or the respective PLUS versions contain a range of services and advantages, so to speak a „worry-free package“, so that you are always on the safe side and your production runs smoothly any time. Regular professional maintenance carried out by our qualified service engineers including all lubricants and

consumables are also part of this, as are guaranteed fix reaction times in case of an emergency.

During the term of the contract customers participating in the Ersa SERVICECARD Program will obtain a discount of up to 15 percent on all spare and wear parts. Their spare part order will be sent out by express shipment without any surcharge. A bonus system is an additional incentive. Our service technicians are available 24/7 via the Ersa service hotline.

The Ersa SERVICECARD Program can be ordered for diverse machine types, from one-shift operation up to 7-day/24-hour operation. Do not hesitate - order your production security today!

Your advantages:

- Customized service packages: **SILVER, SILVER PLUS, GOLD, GOLD PLUS**
- Regular & professional maintenance
- Discount on wear and spare parts
- Participation in the Ersa bonus system
